

ScaleOn Internship Program 2026 – Assignment 01

Your **first assignment** has been assigned. This assignment is designed to evaluate your **current skill level**, creativity, problem-solving ability, research skills, communication, and execution.

Choose Any ONE Assignment:

AI Agent Developer

Option 1: AI Automation Challenge

Automate a repetitive business workflow using AI.

Examples:

- Email automation
- Lead management
- LinkedIn outreach
- WhatsApp auto-replies
- Proposal generation

Option 2: AI SaaS Prototype

Build a small AI tool that could become a SaaS product.

AI Tools Research

Option 1: AI Stack for a Startup

Assume you're the AI Consultant for ScaleOn.

Research and recommend:

- Best AI tools
- Best workflow
- Monthly cost
- Alternatives Also
- ROI (expected)

Option 2: Replace Human Work Using AI

Find business tasks that can be automated.

Examples:

- HR
- Marketing
- Sales
- Customer Support
- Finance

Recommend AI tools for each.

Social Media Marketing

Option 1: Grow ScaleOn from Zero

Create a complete **30-day growth strategy**.

Include:

- Instagram Reels/Posts
- LinkedIn
- X
- YouTube Shorts/Long Videos

Option 2: Launch a New Product

Pretend ScaleOn is launching an AI product. (Assum: A Training Portal for Industry/Colleges)

Create:

- Branding
- Launch strategy
- Reels
- Posters
- Content calendar
- Ad ideas

Option 3: Sales Funnel

Design the complete sales funnel.

Proposal →

Follow-up →

Deal Closed

choose **any one** assignment from the options provided **according to your assigned role**.

Focus on delivering **quality over quantity**.

AI Tools & Models

You are **free to use any AI model or AI tools** (such as ChatGPT, Claude, Gemini, Perplexity, Cursor, GitHub Copilot, etc.) to help you complete your assignment.

However, make sure you **understand what you're building**. During future discussions or reviews, you may be asked to explain your work.

This assignment is **not about testing what AI can do**—it's about understanding **your current level, learning ability, creativity, and how effectively you use available tools**.

Submission Requirements

- Your completed **Assignment/Project/Tool**
- A **3–5 minute video** explaining:
 - The problem you selected
 - Your approach
 - Your solution
 - Tools/technologies used
 - What you learned
 - Future improvements (if any)

Submission Deadline

- **Sunday, 5 July 2026**
- **Before 11:00 PM (IST)**

The **submission link** will be shared in the WhatsApp group on **Saturday**.

Important Notes

- This assignment is **only to assess your current skill level**. Don't worry if your solution isn't perfect-we're more interested in your approach, problem-solving process, and willingness to learn.
- Treat this assignment like a real client project and give it your best effort.
- If you have any doubts or need guidance, feel free to contact us.

Real-World Opportunity

Outstanding submissions may go beyond the internship evaluation.

If your project is useful and has real-world potential:

- We will try to implement it for one of our clients.
- We may **use it within ScaleOn** if it provides value.
- You may also get the opportunity to continue developing your project during your internship.

All the best! Give it your best shot.
